VERILATOR

“Open-source is not a goal but a way”

# Welcome and Thank You for Joining Today !

## TOPICS

- The global ecosystem and landscape of open-source EDA tools and industrial usage
- The use of open-source EDA tools for Education and Workforce Development
- Applications and Data for AI/ML-boosted EDA and design
- Benchmarks, benchmarking and research practices as enabled by open source
- Community goals, principles and practices for the worldwide open-source EDA community.

If you haven't registered, please see the Google Form at the link so that we can follow up !

We have a great agenda – will try to keep on schedule this year

Thanks to CHIPS Alliance and Precision Innovations, Inc. for sponsoring the AV and refreshments this year !
